- 1. Exterior grease traps must be cleaned on a regular basis as deemed necessary by the Pretreatment Coordinator to reduce oil and grease.
- 2. Interior grease traps must be cleaned on a regular schedule. Maintenance frequency is dependent upon kitchen usage and shall be set by the Pretreatment Coordinator.
- 3. Cleaning logs must be posted for inspection purposes and shall be kept up to date.
- 4. The West Warwick Sewer Commission may request a copy of this form at any time.
